n Coleman

When I first heard about Reiki, I had *excruciating pain* in my lower back. I was taking so many *pain killers*, my wife was beside herself.

I was desperate.

A friend told me to meet with his “healer”. I *rolled my eyes* thinking, “Oh boy, here we go. Another dead-end I’ll have to pay for with money I don’t have.

When I got there, it was just an old man and table to lie down on.

He motioned for me to lie down and after I did.

Then... something happened. I felt this warmth right where my back pain was. Then, I felt a vibration.

Then, ALL my tension, anxiety, and stress just left my body and mind like sheets of metal falling off me.

When I got up, I felt relief. The pain was gone. Totally gone.

How could he take away all that pain like that, when I had tried so many other things?

**After That Life Changing Event, I Wanted To Learn All About Reiki...**

I quickly signed up for my own training.

But after attaining the first level, I discovered I DIDN'T have the abilities I was supposed to. My teacher told me I needed to complete the NEXT level to fully attain them.

And two years later... after I completed that, I still couldn't get ANY results I was supposed to!

My teacher then told me... if I completed the NEXT level, I will finally get the results I as supposed to...

*Hmmmmm...*

## Fortunately, I'm The Kind Of Person Who *Refuses* To Give Up...

And that's how I discovered the real reason I was getting nowhere.

And my life *instantly* changed forever.

In a few short days after this discovery... I finally started getting the results I always wanted to with Reiki.

Just like the man who HEALED me... I was *consistently* alleviating pain, illness and even depression with everyone I did a session on!

## Not Only That, I Saw A Dramatic Improvement In My OWN Health And Well-being!

Where I as constantly feeling tension and aches and pains before, I was now pain free, calm and focused, and rarely got tired.

At ANY time, I was able to perform *miracle* healings — at will.

*Digestive disorders... skin problems... arthritis... depression... anxiety...* and even infertility (to name a few)... were vanishing in as little as one

That's and unbelievable transformation most Reiki masters today can't claim!

Plus — *incredibly...*

## It Only Took About 48 Hours To Create This Dramatic Transformation...

And it gets better.

My confidence *soared...* and I became absolutely fearless when helping people, friends, and family members... as if I had magical powers.

And all this, *suddenly* occurring, AFTER I discovered the secret I will reveal shortly.

But it's not magic at all!

You see, what I learned had nothing to do with my own abilities, and *everything* to do with...

## The Hidden Truth About Reiki's History They Don't Want You To Know...

After doing my OWN research, I learned 2 important facts about Reiki's origin.

### Fact #1

Reiki was developed by a man named Mikao Usui in 1922.

He taught some students how to use and perform Reiki and formed a school.

Mikao Usui

But after his death, one of his students — a lady named *Mrs. Takata* — took over as president of the school.

She believed *money* was what Western people UNDERSTOOD and RESPECTED,.

Hawayo Takata

## This Started The Idea That Paying A Lot Of Money For Reiki Training Was Necessary

### Fact #2

Before she passed away, she trained 22 people from different countries.

She wanted train them to become master Reiki healers. They were *charged* with keeping the tradition alive.

But here's what happened:

A few leading teachers CHANGED the way they taught Reik!

So, over the years, the original aims and trainings of Reiki have been LOST, MUDDIED and OBSCURED by all those changes.

Focusing On Charging A Lot Of Money... And Altering The Original Training... Forced The Original Teachings Of Reiki To Get Lost In Time

*No wonder* I was struggling. Even after YEARS of dedicated training!

And I *hunted down the ORIGINAL teachings* of the founder, Mikao Usui taught.

After finding it, and *applying* the ORIGINAL teachings...

...I was suddenly able to get *STAGGERING* results I mentioned above.

*But here's where things REALLY took off...*

**The TRUE And ORIGINAL Teachings Of  
Reiki... Were *In Fact...* SIMPLE And EASY...  
And Allow You To Start Performing  
Miracles — *FAST.***

You see, the founder intended Reiki to be easy to learn!  
He had a CAUSE — a MISSION in life.

To spread health and well-being throughout the world.  
Making it hard, complicated, and expensive to learn would *defeat the purpose.*

If someone you care about is *sick, depressed* or in *desperate need of relief...*

...what good is TWO-AND-A-HALF-YEARS of training? They need help, NOW.

**I'd Like To Show You How To Attain Powerful Reiki  
Mastery Without Costing An Arm And A Leg (and  
Years Of Training)**

When you see how *simple, gentle and transformational* the *original* teachings are...

you'll be astonished that thousands of students spend *needless*  
and *altered* form of Reiki!

Especially, when it is intended to take a very short time.

How much time?

**48 HOURS**

24 hours if you're *really* ambitious.

Then... as you practice, you just get better and better.

How can I give you this *swift* and *dramatic* transformation?

By introducing you to a *simple, powerful, yet easy-to-use system* I call:

Eventually, the people you work with will be *amazed* at how you find areas of tension and imbalance that even THEY were not aware of!

## What Can You Expect When You Begin Your Training?

Here is what students have reported:

*"I've been practicing Reiki everyday on myself and I did a full body session on my husband and it's been really great. He told me that he felt very calm during it (especially during the crown chakra work) and could feel my hands heat up. In my experience being attuned to Reiki makes me more peaceful. I can't explain it, but I'm calmer and happier generally and that is a great blessing.... It's been a very powerful gift - thank you for sharing it with us."*

Here's what another wrote in:

*"It has helped me be calmer...and sleep better. I just plain feel better when I practice Reiki. People that I know who have consented to my sharing Reiki with them will all describe warm sensations and a feeling of calm afterwards. I have experienced great benefits from including Reiki in my daily routine as much as possible. When I don't, I miss it."*

But there are many more.

For example, here's one lady's story:

*"I wanted to let you know how AMAZED I am with Reiki so far...I am shocked each time I practice on someone and they say they feel better. The best was my 3 year old nephew- he was staying over my house and started crying that he had a*

*the Reiki do its thing. He sat there quietly, and in about 5 minutes he pushed away my hands and said- "all better now" and that was that- I think I was in shock! I've worked on different family members and friends and have always had a positive response- even from the one or two that originally rolled their eyes when I asked if they would like me to practice some reiki on them...It truly is a blessing."*

And then here is another story from Christopher...

*"I suffer from psoriasis, and Reiki has made my psoriasis better; I also feel better in myself since having Reiki. Not many creams that I have been given for my skin have worked, and I have had psoriasis for two years, but since using Reiki, it has cleared up loads better, so I would recommend Reiki to clear skin problems."*

Then there's Carol who wrote:

*"I had seen a consultant at the hospital who told me they would normally carry out surgery for my condition but because of other medical problems I have. This was out of the question. I was told that the only treatment was painkillers or to attend a pain relief clinic.*

*After my first Reiki session, I went home and relaxed for the afternoon. To my astonishment, by 5 pm I was pain free and able to move around easily .... Gradually, over time, I noticed other improvements in my health. As a Diabetic, my blood sugar levels were reduced and also my cholesterol levels are a lot lower. I am now a much calmer person and don't tend to get stressed as I did before."*

## You Have A Really Simple Choice To Make

Option #1 - *Do nothing.*

Keep going the way you are now. Keep being frustrated. Possibly risk an illness getting worse.

Keep going to classes spending your time needlessly the way I did.

Option #2 - *Take what you learned here and try to do it yourself.*

You can take the basic ideas I talked you about — life force, meditation, using your intuition — and go out and use it for yourself and with other.

And you might get some decent results!

But wouldn't you rather have a sure thing?

Wouldn't you rather have a simple system so many others around the world have already used?

Wouldn't you rather avoid the embarrassment that I went through?

Trying to perform this sacred art... not get ANY result... and having the person you're trying to help have the WRONG opinion of it?

That would BAR them from attaining it's powerful benefits for good, just because they *think* it doesn't work!

Option #3 - *Risk nothing at all today.*

Grab the "Pure Reiki Healing Mastery" system for just \$47 today.

Devour the material.

Put it into action.

If you are still here, I think you've heard enough from me.

So let me just share what others have to say about finally getting the power of Reiki:

A student wrote in...

*"I would describe my Reiki experience as life changing!! It is a change that touches every part of your being: mind,body and soul...."*

*I have done Reiki on myself, my daughter and friends. I also have done distance healing. My chronic sinus problems went away within a month of starting my Reiki training. My daughters migraines are relieved with hands on Reiki and she sleeps better. A friends surgical wounds that have not been healing were showing amazing signs of healing within a short amount of time after I started distance healing.*

*I have been interested in learning Reiki for some time and I was a little reluctant and kept putting it off. Then I realized that if something keeps drawing you it is for a reason so go for it. I am so glad I did!!"*

Amy says...

*"Thank you for a great experience yesterday. I practiced on my husband who has post traumatic stress from his deployment. He fell asleep on the table and slept soundly thru the night. He does not believe in any of this and was quite surprised when he woke up rested and at peace this morning. After I worked on him I told him his knee caps felt hot and he told me that his knees were hurting real bad but he did not tell me. It was amazing that you knew what was bothering me when I was on the table. Suzan was really great when she worked on me and I felt much better after she helped me. Again, thank you for taking the time and thank you for teaching me."*

Another student wrote...

*"It affects me daily. The people who receive healings are greatly affected by the relief they experience...Not only are people attracted to me in regards to reiki, but often I meet pets who immediately greet me and I attribute all these experiences to Reiki."*

**Listen, if you're here, it's because you want to have all that Reiki offers.**
