First though, let me back up and introduce myself.

My name is **Alexander Wilson**, and for the **next few minutes** you can think of me as your **"journey guide."**

My highest intention is to help you awaken a long forgotten part of yourself. A God-given power to...

***Turn Your Greatest Desires Into An  
IMMEDIATE Command To The  
Universe!***

So... if you're ready to **unleash the greatness** hiding within, then please take my hand and let's

leap forward

Before I reveal my magic secret, I need to start at the beginning and share with you the **deeply personal story** that brought me here today.

You see, not that long ago...

***I Was Living A LIE.  
A Secret "Double Life."***

No... I wasn't some covert agent, or hiding in the witness protection program.

That's not the kind of "Double life" I'm talking about.

The one I was living was the kind found on social media.

Because if you had come across my Facebook page back then... you'd think I was living the dream life.

One filled with meals out to restaurants... parties with friends... and a fast-moving career.

But, the truth was... those social media snapshots were just that... snapshots.

They didn't tell the full story about what was really going on in my life.

They didn't reveal...

***The Heartache... The Struggle  
And The **Deep Shame** That  
Was Secretly Consuming Me.***

Because the reality was after a series of wrong turns in my career and love life, it was like I'd fallen off a cliff, and now...

**I was trapped at rock bottom.**

At the time, I was living alone in the cheapest place I could find... a small backyard pool house.

Now sure... I know the idea of living in a "pool house" might not sound that bad, maybe even a little glamorous to some.

But, this “pool house” wasn’t the kind you’d find in the back of a mansion in a millionaire’s backyard.

No... the reality was the pool was never actually built... the roof was missing shingles... it lacked central air conditioning, and the heating system barely worked.

Really, my home was...

***Less Like A Pool House And More Like A “Glorified Tool Shed.”***

Now... I wasn't homeless...

Occasionally, I'd even make a pretty decent income for the month.

But, it felt like every time a nice check showed up... it was quickly devoured by an ever growing list of expenses.

Bills... unexpected medical invoices...

And repairs for my old 4-wheeled rust-bucket left me no

choice but to turn to my credit card.

My balance kept on rising... interest piled up, and soon it got to a point where there was no digging my way out.

My life was about to come crashing down. All in the span of...

## ***One Weekend From Hell!***

It all started on a late Friday afternoon when my boss asked me to step into his office for “a talk.”

Now... I knew this job was temporary when I started. But, since then, my boss had promised

many times I'd be transitioned into a full-time position.

But , now... with no warning at all...

## ***I Was Being Let Go On The Spot***

In an instant...

My income vanished before my eyes.

I was upset, but I didn't have much time to feel sorry for myself.

Because losing my job was just the **first of three disasters** that were about to leave my world in shatters.

The second?

I didn't have to wait long.

As I'm driving home, I hear a sudden thud.

Terror fills my veins as...

## ***My Engine Sputters Off... In The Middle Of A Busy Highway!***

There's cars to my right. I can't get over. Luckily, a left sided exit appears just in the nick of time.

I just barely manage to swerve over and safely land in a grassy area as cars whiz past.

At this point, I'm in shock.

I was happy to be alive... but now I wasn't just jobless, but now my car was gone too.

## ***Piece By Piece... My Life Was Falling Apart...***

I remember coming home that night and just collapsing to the floor in exhaustion, my back against the wall.

I couldn't move.

It felt like the weight of the world was baring down on my shoulders, and I didn't know much more I could take.

In that moment, I had never felt so alone and helpless in my life.

The next day, I spend the morning in a daze, just collecting myself... until my stomach begins growling.

I realize I hadn't eaten since early yesterday. So, I order-up an Uber to grab a quick bite to eat.

Now, in case you don't know, Uber is basically a modern-day taxi service where regular people drive you around in their personal cars.

Normally... they're college students, or people trying to earn an extra buck in their spare time.

But, when my ride pulls up and I open the door, I notice...

***My Driver Is Unlike Any  
I'd Ever Met Before***

Her name is Phoenix, and it's like she had just stepped out of a time machine from 1960's Woodstock.

She's donning a beautiful flowing flower dress... blue dream catcher earrings, and she's wearing a necklace that holds a sparkling crystal

We begin talking, and then she notices my eye gravitate towards the clock.

***"5:55" She Says. "You Know What That Means, Don't You?"***

I didn't, but she explained, "Sometimes when we need guidance the most in life, our guardian angels give us signs."

Now... I'm not sure I would have ever remembered this conversation.

But, then it happened. Disaster number 3...

***The Walls Came Crashing  
In On Me... Literally!***

Later that night, I'm watching TV in my "tool shed" when I decide to head off to bed.

But, just as I'm about to turn off the lights. I step on something painful...

***"Ouch!"***

It's a big chunk of white plaster underneath my feet. I look up and see a huge, expanding crack in the ceiling.

Panic fills my body as I realize what's happening.

I need to get out FAST.

So, I step outside and call the landlord.

Minutes later... the roof has **completely caved in**.

To think... if I had gone to sleep, I might not have ever woken up.

Now, I gotta say that any one of these disasters might make someone just want to curl up in a ball

and give up completely.

But, losing everything at once... my job... my car... and my home...

***I Couldn't Help But Feel Like  
The Universe Was Just Toying  
With Me!***

Like, this was all one big Truman-Show style prank, and any minute a reality show producer was about to reveal himself.

Of course... that *didn't* happen.

**But, something almost more surreal did.**

It was only a couple weeks later. I have to get across town... but am without a car. So, I call-up Uber once again.

When the car arrives... I see a familiar face.

It's my old friend Phoenix from a few weeks before.

I didn't know then that this meeting was actually no accident

As it turns out, Phoenix was a renowned (and VERY successful) intuitive and healer (she literally charged thousands for private sessions).

And her part-time gig as an Uber driver, was...

***All Part Of A  
"Spiritual Experiment."***

Each morning she would say a prayer and ask for the Universe to guide her to the one person who needed divine guidance the most...

That's how she kept running into me.

As Phoenix explained, "When you understand EVERYTHING in existence are made up of the same core ingredient..."

You begin to understand why everything in your life is the way it is.

“Do you remember watching Disney’s Cinderella?” she asks.

Well, in the beginning of the story... Cinderella’s life is one of misery,

sorrow, and  
misfortune.

But, then her Fairy  
Godmother waves  
her wand... and  
suddenly a swirl of  
magical fairy dust  
encircles Cinderella...

Instantly  
transforming her  
from a life trapped in  
rags, into one of  
limitless fortune,  
abundance, and joy.

She became a  
glowing princess that  
radiated **pure**  
**positivity** into the  
world!

***YOU Have The Same Power To  
Magically Transform Within You.***

Even though we're all made up of the same stuff... energy. Those tiny particles can vibrate at many different speeds to form a unique frequency.

When you embody a "lower frequency" (like 95% of all people) you attract "low frequency" things, people, and events into your life.

---

You know... like cars  
breaking down,  
bosses firing you,  
and ceilings  
collapsing.

But, when you hold a  
“high frequency,”  
that’s when all your  
desires can be  
effortlessly pulled  
into your orbit...

The perfect home and car... the dream job... and  
loving relationships.

And here’s the most important part... YOU have  
the power to RAISE your frequency into the  
AWESOME high vibe, God or Goddess you are.

When she explained this, it was like a light bulb  
suddenly lit up. I realized the reason I was stuck

was that my vibration was too low.

***And If I Wanted To Change My Life,  
I Needed To Raise My Vibration!***

But, how?

Well, the truth is that there is a LOT of misinformation out there about raising your vibration.

But, as Phoenix explained, it's actually VERY quick, simple, and EASY...

When you understand a powerful shortcut that taps into the deepest reaches of your mind.

You see... there are two levels to your brain

There's the "Surface level," also known as the conscious mind.

These are all of the thoughts you're actively aware of. Whenever you decide where to go for dinner or balance your checkbook... that's the conscious mind at work.

Most of us, attempt to raise our vibration at the conscious level. We "think positive thoughts"... use affirmations... and apply strategies from personal development gurus.

But, the reason your life hasn't changed is...

Doing those things are a lot like taking rose-colored selfies and posting it on Instagram.

Things may look for a short moment in time, but the truth there's a stark reality being hidden from view.

Underneath the conscious mind, your subconscious is secretly running in the background, shouting-out negative thoughts, like...

"I'm not good enough..."

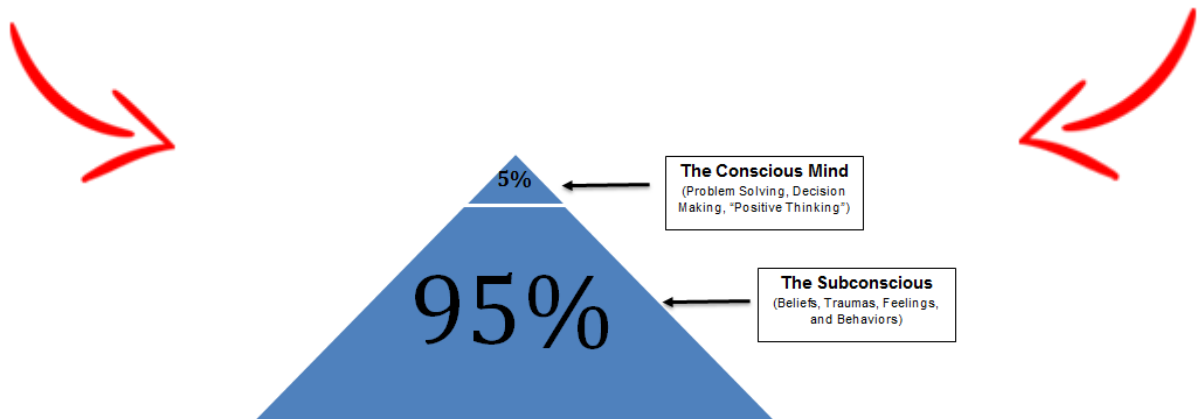

"I'm not worthy..."

"I don't deserve..."

Thought patterns that **keep your vibration low.**

***And Here's The Biggest Eye-Opener:***

While your conscious mind contains maybe 5% of your daily thoughts... your subconscious holds over 95%!

It's where all of your long held beliefs, traumas, and negative thought patterns are stored.

In fact, many neuroscientists now say that subconscious thought patterns are **10,000 times more powerful** than those formed in the conscious mind.

This is why people struggle to manifest the lives they really want.

The subconscious runs the show.

But, here's the good news...

There is a WAY to clear the gunk away, and it's SO easy. It's something called...

## ***“Energy Orbiting”***

And it works by reprogramming the negative, beliefs, and traumas that hold us back.

Now, when I first discovered this method... it WASN'T as easy as I've made it for you.

Because in order to reach the deepest “Transformation Zones” of the subconscious...

It requires you to shift your brainwaves, from a Beta State where we spend most of our day...

Into Theta State...

Which is normally only achieved through deep states of sleep or meditation.

But, once you enter that Theta Transformation Zone...

“Energy Orbiting” uses the power of expertly crafted subliminal

“mind commands” to effortlessly release old thought patterns... and place positive ones in their place.

Negative thought patterns that shout “I’m not worthy”...

Transform into **Divine Patterns** that proudly affirm...

“I’m unique and powerful.”

“I don’t deserve” becomes “I effortlessly receive.”

“I’m a failure” is replaced by “I can accomplish anything.”

As these vibration blocks vanish... it’s like a swirl of magic fairy dust swirls around your energetic field, and suddenly... you experience..

Your own magical “Cinderella Transformation”...

Where you radiate like never before, and all your desires are automatically drawn into your orbit.

***When I Mastered “Energy Orbiting”...  
My Life Began To Change Almost  
INSTANTLY!***

You see...

For as long as I can remember, I wanted to be a writer. But, I struggled turning it into a career.

But, as the magical fairy dust swirled around me... my awareness of what was possible began to expand, and then it happened...

***A \$10,000.00 Windfall  
Fell Into My Lap!***

It was right before bed. I had just used Energy Orbiting, to clear away some old beliefs I had about receiving abundance...

And I decided to set an intention...

To manifest a freelance writing job for \$10,000.00.

Now... I didn't take any action, like many "experts" tell you.

Instead, I just fell asleep and let the Universe do the rest.

## ***The Next Morning I Wake-Up And The Phone Is Ringing***

Sure enough, it's from a friend of mine in the publishing industry. He tells me that last night he got off the phone with a new client in need of a writer...

And get this: The amount of work that he had for me was exactly **\$10,000.00!**

My jaw fell wide-open. I couldn't believe how quickly and effortlessly my desire showed up in my life... all thanks to "Energy Orbiting."

Out of curiosity, I asked my friend what time he spoke to the new client, and it was just as I was falling a sleep.

In other words... my manifestation came to life INSTANTLY!

***No Wishing... No Waiting...***  
**INSTANTLY!**

After experiencing this real-life "Financial Proof"... I was off to the races...

I began to clear more deeply ingrained patterns... my vibration continued to soar... and manifesting wealth became effortless.

After I'd finished my \$10,000.00 gig, I went on to manifest another one just like it...

Again and again... these jobs appeared within 24 hours of stating my desire.

Eventually... I wasn't just getting one-time payments, but I was earning royalties...

It soon got to a point where I remember walking to my mailbox and realizing I was now receiving more checks than bills!

**Can you imagine that?**

And with more income...

## ***My Life Finally Clicked Into Place***

The first thing I bought was a brand new car with all the features I never dreamed I'd have...

From there, I manifested my perfect dream home. One that's not only in the perfect location, a 5 minute stroll to a vibrant downtown...

But, get this... unlike my old "tool shed," it has an **ACTUAL pool!**

Now, as I mentioned... the challenge with Energy Orbiting was entering a deep "theta" brainwave state...

I had to enter this "Doorway to the subconscious" the hard way, through meditation.

**BUT** now, you **don't** have too.

After working with an expert audio engineer and trusted Energy Orbiting expert...

I discovered powerful shortcut that allows ANYBODY to effortlessly raise your vibration... and clear away all those deeply embedded subconscious "vibration blocks..."

So you can finally start living the life you've always dreamed of.

In fact... it's so effortless, all of the work is DONE FOR YOU.

You just click "play" to bring the abundance of the Universe into your life... sometimes INSTANTLY.

## ***“Twilight Transformation”***

You just click play before you go to bed, and it's like waving a magic wand.

Overnight... the brainwave technology embedded inside the audio relaxes your mind into a "Theta State" and opens the door to the deepest levels of your subconscious...

From there, powerful subliminal suggestions clear away “Abundance Blocks,” while new beliefs about receiving abundance quickly take hold.

You don't have to do anything else.

The track **does all the work** raising your vibration, and clearing away the negative programming that's been holding you back for YEARS.

Overnight, you'll create a powerful gravitational force that draws whatever you desire to into your orbit.

Overnight, you'll create a powerful gravitational force that draws whatever you desire to into your orbit.

The reason *Manifestation Magic* is so effective is it clears patterns on the deepest levels of the subconscious... **levels no other program reaches**.

Now, I could go on and on about all the surprises in store for you...

Like the “Daytime Wealth Activator” audio track that quietly reprograms your mind for wealth as you play games on your Ipad or complete house work....

Not to mention, there’s the “10 Minute Meditator” audio track that allows you to get all the benefits of an hour of meditation in just minutes...

But, the beauty of *Manifestation Magic* is its simplicity.

It works!! :D I listened to it like twice about a week ago while I was at work and it was playing in the background the whole day and since then I started getting better ideas and ideas that I got in the past that didn't seem profitable started to crystallize in my brain and I connected the dots and started my own business from home overnight!! and my customer base is rapidly growing! I made within a week what I make in a month at my 9 to 5 day job! I feel so blessed and resourceful :D I received an offer for a contractor job and I received a partnership offer at a startup, I also got a call yesterday for a job interview with a company I applied to work for a few months ago and I thought they overlooked my application but I discovered that they think I'm suitable for a higher post so they created this post within that time **TO HIRE ME!!** and they notified me to apply and immediately arranged to meet me in a couple of days! :D so I will quit my job soon to another better paying job at a company that actually sees my value and wants to give me a better offer all while I run my own business and possibly consider the other offers too! I started pampering myself more and went on a spa day at a 5 star hotel which was a brand new experience to me and I started buying stuff that made me feel good and I feel so abundant and appreciate this magical experience! my life is changing and so quickly to the better :D I will listen to it daily and see what happens :D

It's the strangest thing.. I've responded to every single comment on my other post and yet no one can see it.. there's 15 comments but none of them show up at all... which is why no one has gotten a response.. so here's my testimony...

the first day, nothing happened..  
the second day I got a fillup on gas and \$50 cash...  
the SECOND time I tried this, I got \$135 on the first day..  
the THIRD time I tried it a week later, I got \$322 unexpected deposit into my bank account..  
yesterday I did it again without even knowing it... woke up to someone calling me to give me \$160...

when I say that this absolutely WORKS, I mean it!! you ask, you receive.. just be aware of WHAT you're asking for and HOW!

I hope this gives someone some hope that they have the ability to manifest as well... I've been my own worst critic, but not even MYSELF could sabotage this one!!

Amazing! This worked for me Twice! I asked for a sign of cash in the amount of \$20, no- \$21. I wanted to be sure it wasn't an accidental loss of a twenty dollar bill. 48 hours came and went- when I got an email that I had just sold a book online (not unusual) but- it sold for \$21.67! ON the 48th hour the previous day! AND, the second one was 2 checks sent to me totaling \$21.26- make no mistake- this money received as a confirmation of my Universal (God) request! Praise God & the Universe!

I really don't know anything about all of this. But something strange is happening in my life. Whatever I wish for in deep I get it somehow with little efforts and sometimes they just come up in front of me or sometimes someone brings it to me . It's so amazing. I believe in karma and I haven't really done much good to anyone but always always wished good never in my heart I wish bad for anyone even when they are trying to hurt me or anything. May be karma can work with just good intentions. I am really loving my life right now.

Still on the fence?

I get it. I was once in your shoes,  
desperately searching for a way out of the  
mess I'd fallen into.

Then... when I finally found “Energy Orbiting,” I have to admit I was skeptical.

I didn’t think it would work.

But, here’s what changed my mind, and convinced me to give it try.

You see, here’s the truth...

When you manifest your desires, it’s not the kind of magic where you pull a rabbit out of a hat.

You’re NOT creating anything out of thin air.

No... the reality is...

***All You Desire... ALREADY  
Exists... And It’s Waiting For You  
To Claim It!***

Take this brand new BMW.

Well, the truth is, there are no shortage of cars just like it.

On car lots and in garages across the country, there are fleets of thousands of very similar BMW's...

Sitting there, unused and waiting to be driven.

The reality is we live in a time of **incredible abundance.**

And once you raise your vibration, and become an energetic match to your desires using *Manifestation Magic*.. that's when your greatest wishes are finally pulled into YOUR new gravitational field.

Look... you've already experienced what struggle feels like.

You've been there... you've done that. But, it's time to try something different.

***Now's The Time To Say "YES..."***

"YES" to the amazing gifts just waiting for you to claim and bring into your reality.

We're here on this planet to experience love, joy, and abundance, and now you can experience it all... just by clicking "play."

Go-ahead and get started right now.

All you desire is already out there.

But, it can't come into your life, until you've taken that first step.

Click below right now to join me on this new and exciting path.

Remem  
days...

And you're **guaranteed** to bring either your first financial manifestation of \$500.00... \$1,000.00 or even \$10,000.00 into your life...

Or you'll receive an unmistakable neon sign from the Universe that it's on the way...

Okay... if you're reading this, then that means you haven't clicked on that button.

You haven't made the turn and stepped onto your new magic-filled path.

The only explanation I can think of for why you haven't joined me just yet is you still have questions.

So, let me answer a few of the most common ones I receive...

***Question # 1: I Don't Have A Lot  
Of  
Extra Time, Will This Still Work  
For Me?***

YES...

My goal with *Manifestation Magic* as to make it so EASY it would fit into absolutely ANYBODY's life...

Even if it's completely crazy and hectic.

There are no books to read, no courses to study, no exercises you must practice

before you see results.

Just click "Play" on the Twilight Transformation track before bed... either in the minutes before or as you close your eyes...

And you WILL see results.

The program works on the deepest subconscious level, so it's not important that you carefully listen with the conscious mind.

Simply put... if you have an extra 5 seconds to push that play button before you close your eyes... then you can do this.

***Question # 2: Do I Need To Take  
ACTION For Manifestation To  
Work?***

Many law of attraction experts talk about the importance of taking action to manifest your desires.

I want to be clear... inspired action can be powerful on occasion.

But, far more important in the manifestation process is your vibration, and the pureness of your thoughts.

As, Abraham-Hicks said...

***“17 seconds of PURE POSITIVE  
thought is  
worth 2,000 hours of action”.***

In other words, *Manifestation Magic* is a shortcut. By eliminating those negative subconscious thought patterns (just by pushing “Play”)... it’s like your creating your own gravitational field.

Your desires are magically pulled to you, automatically!

***Question # 3: Can I Listen To The  
Audio Tracks On My***

## ***Smartphone?***

YES! I've made it easy for you to play the audio tracks, starting right away, using the bonus ***Manifestation Magic*** "Push Play" Audio App.

Just download the App on your Smartphone or Ipad (don't worry I show you how in the member's area), and your tracks can be played IMMEDIATELY... in just minutes from now!

And, of course, you'll also be able to download everything inside the member's area for easy listening on your laptop, computer, or some members even choose to create CD's.

My personal favorite way to listen is on my phone, as a morning "pick me up" or right before bed.

As I mentioned, these tracks work on the subconscious level.

So, unlike an audio book, for example... they can comfortably play in the background without requiring careful attention.

My goal in creating *Manifestation Magic* was to make it so simple, quick, and easy ANYBODY can see results.

***.Question # 4: Will I Really See  
Results  
In Just 24 Hours From Now?***

YES...

I've brought many of mine manifestation to life in hours, even INSTANTLY like my very first \$10,000.00 manifestation I shared with you earlier.

However, sometimes, the Universe needs to align people, places, and events. This is why I've designed the manifestation process you'll follow inside the Manifestation Quick-Start Guide...

To call forth an unmistakable “Neon” sign within 24 hours to let you know your manifestation is coming to life.

This sign will come in many forms...

Sometimes you’ll see a billboard for a certain car that you’re trying to manifest...

Other times... you’ll be met with “angel numbers” like 11:11 immediately after completing the quick-start guide...

Whatever the unique case is for you... the process works in a way that this sign is “unmistakable.”

My goal for you is to PROVE to yourself just how powerful a creator you are by bringing WEALTH you can hold in your hands into your life.

## ***Question # 5: How Does The “24 Hour Results” Guarantee Work?***

My promise is simple...

You WILL receive that financial manifestation OR the “unmistakable sign” within your first 24 hours...

OR I insist you send me a note. I'll then give you back every cent you invested in the program... no questions asked!

That's how confident I am *Manifestation Magic* WILL work wonders for you just like it has for me and so many others.

So, go-ahead...
